

# Six-Door Multi-Zone Refrigerator

This refrigerator features six doors and four zones for optimal organization. It is equipped with a copper tube evaporator and an intelligent energy-saving LED temperature compensator.

## Overview

### Versatile Multi-Zone Cooling

The Six-Door Multi-Zone Refrigerator is designed for professional environments requiring efficient and organized storage. Featuring a robust stainless steel exterior and intelligent multi-compartment design, this unit provides precise climate control for a variety of food items. Its advanced energy-efficient architecture, highlighted by integrated LED lighting and eco-friendly R600a refrigerant, makes it a reliable choice for long-term operational excellence.

## Technical Specifications

Model Identifier	OCD-37MC
Total Capacity	372 Liters
Dimensions (WxDxH)	768 x 737 x 1800 mm

## Electrical Performance

Input Voltage	100-240V
Frequency	50/60Hz
Rated Current	0.8 A

## Features

### Key Features

- Six-door multi-zone configuration
- Premium stainless steel finish
- Advanced LED interior lighting
- Digital display control interface
- Eco-friendly R600a refrigerant

Compliance and Standards	100% Quality Tested, 3D Cooling Technology
