

Slider Feature Phone with Keypad

This mobile phone features a slider design and a numeric keypad for easy dialing. It provides essential mobile communication functions.

Product Overview

Classic Slider Design

This slider feature phone combines a timeless aesthetic with reliable, basic mobile communication functionality. Featuring a distinct gold-tone trim and a tactile numeric keypad, it is designed for users who prioritize simplicity and ease of use. The device includes a clear color display and dedicated physical buttons for efficient call management, making it an ideal choice for professional or personal use where straightforward communication is paramount.
