

Slow Juicer for Fruits and Vegetables

This slow juicer efficiently extracts juice from both hard and soft fruits and vegetables. It is also capable of juicing leafy greens such as kale and spinach.

Product Overview

Professional Fruit and Vegetable Juicer

This slow juicer is engineered for efficient juice extraction from a wide variety of fruits and vegetables. Utilizing slow extraction technology, it helps maintain nutritional quality while ensuring high yields. The unit features durable stainless steel and high-grade plastic construction, designed for reliability in commercial or heavy-duty environments.
