

# Smart Electric Kettle with Digital Interface

This smart electric kettle features a glass body and stainless steel accents. It is designed for boiling water quickly and efficiently, with smart features for remote control and monitoring.

## Product Overview

### Smart Precision Boiling

The T-602WF smart electric kettle combines modern convenience with advanced digital control for precise water heating. Featuring integrated TUYA APP support, users can remotely manage temperatures ranging from 40°C to 100°C, making it ideal for specialized beverages. Its 1.7-liter capacity, concealed stainless steel heating element, and robust safety features ensure a reliable, efficient experience for any professional or office setting.

## Technical Specifications

### Power Performance

**2200 W**

Max Power (220-240V)

**1200 W**

Max Power (100-120V)

### Capacity

1.7 L

### Base Design

360-degree rotation with integrated cord storage

## Smart Features

### App Support

TUYA APP, Remote Temperature Control, Keep Warm Function

## Safety & Operation

### Safety Protections

- Dry boil protection
- Automatic shut-off when boiling
- LED on/off status light

## Logistics

### Container Quantities

Container Type	Capacity (Units)
20'GP	2880
40'GP	5940
40'HQ	7020
