

Smart Robot Vacuum Cleaner with LCD Screen

This robot vacuum efficiently cleans carpets and hard floors, removing dirt and debris. It features counter-rotating brushes and a side brush for thorough cleaning along edges and in corners.

ADDITIONAL IMAGES

Overview

The cleaner is suitable for a variety of surfaces including hardwood, tile, and low-pile carpets.

Smart Autonomous Cleaning Solution

The C565 is an intelligent robot vacuum cleaner designed for comprehensive floor maintenance on carpets and hard surfaces. It features a 5-in-1 multifunction system that sweeps, vacuums, mops, and even provides UV sterilization to eliminate up to 96% of household bacteria. With advanced obstacle avoidance and a low-profile 8.7cm design, it efficiently cleans under furniture and along edges while operating at a quiet 55dB noise level.

Cleaning Technology

Detailed view of the robot's components, including the LCD display, UV lamp, and multi-brush cleaning system.

The 5-in-1 cleaning system: Scrape, Mop, Roll Up, Vacuum, and Sweep.

Filtration & Hygiene

- Washable HEPA Air Filter (traps 0.1-0.3 micron particles)
- UV Sterilization Lamp
- Fine filter for tiny particulates

Intelligent Cleaning Modes

Auto Cleaning, Spot Cleaning, Edge Cleaning, Z-Mode, Winding Mode, Wall Following, Spiral Mode

Navigation & Safety

Safety & Sensors

- Cliff avoidance sensors (prevents falling down stairs)
- Gentle touch bumper for furniture protection
- ESP Intelligent Anti-Collision System
- Infrared obstacle detection
- Space Isolator (Invisible Wall) compatibility

Technical Specifications

Physical Dimensions

Component	Dimensions	Weight
Main Body	Æ32087 mm	3.2 kg
Remote Control	Æ10025 mm	0.08 kg
Docking Station	200 x 51 x 102 mm	0.23 kg
Space Isolator	102 x 71 x 106 mm	0.14 kg

Battery & Power

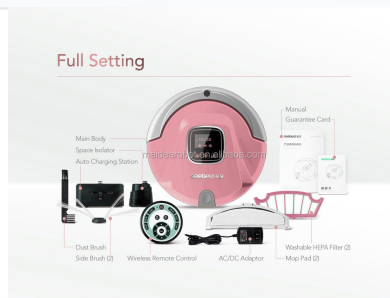

Battery Type	Rechargeable Ni-MH
Battery Capacity	1500 mAh
Charging Time	5 hours
Automatic Recharging	Yes

Compliance

Quality Certifications

CE • GS • LVD • R&TTE • EMC • IEC

Package Contents

Complete retail package including remote control, space isolator, and replacement filters.

What's in the Box

- Main Body with LCD Screen
- Auto Charging Station
- Wireless Remote Control
- Space Isolator
- 2x Side Brushes
- 2x Washable HEPA Filters
- 2x Mop Pads
- AC/DC Adaptor
- Dust Brush
