

SMT N08 Pick-Up Nozzle for SM421

This SMT pick-up nozzle is designed for use with Samsung SM421 machines. The N08 nozzle ensures reliable component handling and placement.

Product Overview

High-Precision SMT Nozzle

This N08 pick-up nozzle is designed for precision performance in high-speed pick-and-place machines. The blackened finish ensures durability and reduced light reflection, contributing to accurate component placement. It is engineered to meet exacting industrial standards, providing reliable operation for surface mount technology assembly lines.

Compatibility & Specifications

Series Overview Table

Model	Outer Dimension	Inner Dimension
N045	1.00 mm	0.50 mm
N06	0.82 mm	0.52 mm
N06-C	0.82 mm	0.52 mm

Model Series	N08
Compatible Equipment	SM421, CP40

Build Quality

Surface Finish

Blackened
