

SMT Placement Nozzle for Panasonic CM402

This SMT placement nozzle is designed for Panasonic CM402 pick and place machines. It ensures accurate component placement for surface mount technology applications.

Product Overview

Precision SMT Placement Nozzle

This high-precision nozzle is engineered specifically for use with CM402 series placement machines. Designed for demanding surface mount technology assembly processes, it ensures accurate component pick-and-place functionality. Built from durable materials, these nozzles are optimized for extended service life and consistent performance in high-speed production environments.

Construction

High-Durability Material • Precision Engineered • High-Speed Compatible

Compatibility & Series

Available Nozzle Models

Nozzle Series	Part Numbers
110/115/120/130/140	KXFX037NA00, KXFX0383A00, KXFX04MSA00, KXFX03DGA00, KXFX04MTA00, KXFW1BDAA00, KXFX037NA00, KXFX0384A00, KXFX0385A00, KXFX0386A00
110S/115AS/120S/130S/140S	N610017371AC, N610017372AC, N610017373AC, N610017375AC, N610043702AA, N610040786AA
200 Series	KXFX05V2A00 (206A), N610030510AC (206AS), KXFX04N0A00 (205), N610000995AA (205A), N610017370AC (205S)
200C/CS Series	N610040782AA (225C), N610040783AA (226C), N610040784AA (230C), N610043814AA (235C), N610062681AA (240C), N610040787AA (226CS), N610040788AA (230CS), N610043815AA (235CS), N610040853AA (240CS)
