

Snow Clearing Blower with Tire Chains

This snow clearing blower is designed to remove snow from outdoor surfaces. It features tire chains for increased grip in winter conditions.

Overview

High-Performance Snow Clearing Solution

This robust snow clearing blower is engineered for efficient snow removal on driveways and walkways. Powered by a reliable 196cc 4-stroke engine, it offers significant clearing capacity with a 530mm width. Equipped with specialized tire chains, it provides superior traction on icy surfaces, ensuring stability and control during operation.
