

Socket 775 CPU Cooler with Green Fan

This CPU cooler is designed for Intel Socket 775 processors. It features a green bladed fan for efficient heat dissipation and reliable cooling performance.

ADDITIONAL IMAGES

Overview

High-Performance Cooling Solution

This high-performance CPU cooler is engineered to provide efficient heat dissipation for a wide range of processor platforms. Featuring a robust aluminum heatsink design and a quiet, durable hydraulic bearing fan, it ensures reliable thermal management under heavy workloads. The 4-pin PWM interface allows for precise fan speed control, while the compact form factor ensures compatibility with various system builds.

Compatibility

Supported Processor Sockets

Intel LGA775, Intel LGA1156, Intel LGA1366, AMD Sempron, AMD Athlon 64, AMD Athlon X2, AMD Phenom 64

Physical Dimensions

Cooler Dimensions

151.5 x 131 x 95 mm

Fan Dimensions

120 x 120 x 25 mm

Performance Metrics

Fan Speed

1900 RPM

Rated Speed

Noise Level

28 dBA

Technical Details

Bearing Type	Hydraulic Bearing
Power Interface	4Pin (PWM)
Voltage	12 V
Thermal Tube Specification	.8 * 5
