Engine Specifications

Parameter	Value
Engine Model	170F
Displacement	212 ml
Fuel Capacity	6.0 L
Oil Capacity	0.6 L

Technical Specifications

Tilling Capabilities

- Cutting Width: 800-1000 mm
- Cutting Depth: 150-200 mm
- Blade Type: Dryland blade

Transmission & Gears

Belt driven with gear shifting pattern: -1, 2, 0, 1

Logistics

Dimensions & Weight

- Unit Dimensions: 1390 x 800 x 1070 mm
- Package Dimensions: 845 x 470 x 660 mm
- Net Weight: 74.5 kg

Container Loading Capacity

96 units / 20GP, 210 units / 40GP, 280 units / 40HQ
