

Solar Powered Camping Lantern with Dual Tubes

This camping lantern is powered by solar energy and includes two 6W tubes. It is equipped with a 6V 4.5AH battery.

Overview

Solar Powered Camping Lantern

This solar-powered camping lantern is designed for reliable outdoor lighting, featuring dual 6W tubes for enhanced brightness. It is powered by a high-capacity 6V 4.5AH battery, ensuring long-lasting performance during camping trips or emergency situations. The unit combines energy efficiency with practical design, making it an essential tool for off-grid lighting needs.
