

Solar Powered Lawn Light with Weather Resistant Housing

This solar lawn light uses solar energy as its power source. It features a corrosion-resistant body and automatically activates based on ambient light levels.

Product Overview

Sustainable Outdoor Illumination

The XNY-TC-09 solar-powered lawn lamp offers an eco-friendly and reliable lighting solution for residential and commercial landscaping. Designed with weather-resistant materials, it ensures longevity and consistent performance in various outdoor environments. Its integrated automatic light control provides efficient, high-brightness illumination while reducing energy consumption through solar power.

Technical Specifications

Model Number	XNY-TC-09
Power Source	Solar Energy
Light Source	High-brightness LED

Features

Available Lighting

- Multiple color options
- Automatic light sensing
- Long operational life

Performance Attributes

Weather Resistant, Corrosion Resistant, Automatic Control, Energy Efficient, High Brightness
