

Solar Powered Lawn Light

This solar lawn light uses solar energy as its power source. It features automatic light control and a corrosion-resistant body for stable performance.

Product Overview

Sustainable Outdoor Illumination

The XNY-TC-04 solar lawn lamp is an innovative outdoor lighting solution that harnesses renewable energy for efficient operation. Featuring a sleek, durable design with high-brightness LED technology, this lamp provides reliable illumination for gardens, pathways, and commercial landscapes. It is engineered with corrosion-resistant materials to ensure long-lasting performance in various outdoor environments, representing a green and energy-efficient lighting choice.

Technical Specifications

Model Number	XNY-TC-04
Power Source	Solar Energy
Light Source	High Brightness LED

Key Features

Smart Functionality

- Automatic light-sensitive control
- High brightness output
- Multi-color lighting options available

Construction Qualities

Corrosion Resistant, Weather Resistant, Long Life Cycle
