

Solar Powered Outdoor Spotlight

This solar-powered spotlight is designed for illuminating gardens, pathways, and landscapes. It includes an integrated solar panel, durable weather-resistant construction, and an adjustable head for precise light beam aiming.

Product Overview

Solar Powered Outdoor Spotlight

This solar-powered spotlight is designed for versatile outdoor illumination, making it an ideal solution for gardens, pathways, and landscaping projects. Featuring a durable and weather-resistant construction, it harnesses solar energy during the day to provide efficient lighting at night. The integrated automatic sensor ensures convenience by activating the light at dusk and turning it off at dawn, while the adjustable head allows for precise beam aiming.

Key Features

Installation Method	Ground stake insertion
Operation	Automatic Dusk-to-Dawn, Solar Powered
Adjustability	Yes

Technical Specifications

Durability	Weather-resistant
Power Source	Integrated Solar Panel

Application

Recommended Applications

- Garden illumination
- Pathway lighting
- Landscape accent lighting
