

# Solar Powered Pathway Light

This solar pathway light provides ambient illumination for gardens and pathways. It features a cylindrical black body with a clear, tiered light diffuser, designed for durability and weather resistance.

## ADDITIONAL IMAGES

## Product Overview

### Sustainable Outdoor Illumination

This professional-grade solar pathway light is engineered for durability and high-performance landscape lighting. Featuring a premium monocrystalline solar panel and advanced LiFePO4 battery technology, it ensures reliable operation even during extended periods of low sunlight. Its robust die-casting aluminum construction provides excellent weather resistance, making it an ideal maintenance-free solution for commercial and residential outdoor environments.

## Technical Specifications

### Key Performance Metrics

**3 days**

Autonomy in Rainy Days

### Sustainability

Solar Powered • Environment Friendly

### Materials Used

Monocrystalline Silicon, Die-casting Aluminum, PC, LiFePO4

### Maintenance

Free maintenance

### Installation

Wireless
