

Solar Powered Polyresin Owl Garden Light

This charming owl decoration light is crafted from durable polyresin. The integrated solar panel charges during the day, automatically illuminating the owl's belly with a warm glow at night.

Product Overview

Charming Solar Owl Decoration

This solar-powered owl light is crafted from durable polyresin, combining aesthetic appeal with eco-friendly outdoor lighting. The integrated monocrystalline solar panel efficiently charges during daylight hours to power an amber LED, providing an automatic warm glow once the sun sets. Its realistic design serves as an ideal whimsical accent for gardens, patios, and outdoor living spaces.
