Product Overview

Professional Silent Diesel Generator

This soundproof diesel generator offers a comprehensive power range suitable for diverse industrial and commercial applications. Engineered with a robust, noise-reducing canopy, the unit is ideal for noise-sensitive environments where reliability and efficiency are paramount. With multiple engine platform compatibility ranging from 10kVA up to 825kVA, it provides a flexible solution for prime, backup, and continuous power needs.

Technical Capabilities

Supported Power Output Range

10 kVA

Minimum Power

825 kVA

Maximum Power

Engine Platform Compatibility

- 10-715 kVA Range
- 17-413 kVA Range
- 22-500 kVA Range
- 28-688 kVA Range
- 88-756 kVA Range
- 94-770 kVA Range
- 275-688 kVA Range
- 715-825 kVA Range

Key Features

Standard Safety Features

Low Oil Pressure Protection • High Coolant Temperature Protection • Noise Pollution Mitigation

Design Attributes

Soundproof Canopy, Vibration Dampening, Robust Base Frame, Easy Maintenance Access, Integrated Control Panel, Automatic Safety Shutdown
