

Soundproof Diesel Generator Set

The soundproof diesel generator set delivers reliable power generation with minimal noise. Enclosed in a sound-attenuated canopy, it combines a robust diesel engine and high-efficiency alternator, making it suitable for areas where low noise pollution is essential.

Product Overview

Reliable Power Solution

This soundproof diesel generator set is engineered to provide dependable power generation with significantly reduced noise levels. Housed in a sound-attenuated canopy, it is an ideal solution for noise-sensitive environments such as residential areas, hospitals, and office complexes. The system integrates advanced control technology, including automatic voltage regulation and comprehensive overload protection, to ensure stable and safe energy output.

Technical Specifications

Power Output Range

8 kVA

Minimum Power

3250 kVA

Maximum Power

Safety & Protection

Automatic Voltage Regulation, Overload Protection, Low Oil Shutdown, Sound-Attenuated Canopy

Services & Support

Included Services

- Unit Installation
- Full-automatic Distribution
- Generator Room Environmental Engineering
- Unit Maintenance
- Spare Parts Supply
