Overview

High-Performance Diesel Generator Set

This professional-grade diesel generator set is engineered for reliable power generation across a wide range of industrial, commercial, and residential applications. Featuring a robust engine and a specialized soundproof canopy, it delivers stable power output while minimizing noise emissions. The unit is designed for durability and ease of operation, making it an ideal solution for primary or backup power requirements.

Technical Specifications

Power Output Range	160kW - 400kW
Rated Voltage	400V / 230V
Frequency	50Hz, 60Hz
Rated Current	432 A
Operating Speed	1500 / 1800 RPM
Phase	Three-phase Four-wire
Engine Model	WP10D264E200

Construction & Design

WFHUAZHONG®

The generator set features a robust diesel engine and alternator mounted on a heavy-duty base frame, enclosed for noise reduction.

WFHUAZHONG®

Designed for reliable power generation in noise-sensitive environments.

High-quality construction featuring copper windings for efficient power generation.

Generator Type

Soundproof • Open Type

Cooling Method

Radiator

Starting System

Electric 24V DC

Alternator Material

Copper

Certifications & Warranty

Certifications

CE, ISO9001, ISO14001

Warranty

1 Year

Options

Optional Equipment

- Automatic Transfer Switch (ATS)
