

Soundproof Diesel Generator Set

This soundproof diesel generator set is designed for continuous power supply. It is enclosed in a weather-resistant canopy and features a digital control panel for monitoring and adjustments.

Product Overview

Industrial Soundproof Power Solution

This professional-grade diesel generator set provides a robust and reliable energy solution for industrial, commercial, and residential applications. Engineered for both standby and prime power needs, the unit is encased in a weather-resistant canopy, ensuring quiet operation and durability in outdoor environments. It features flexible voltage configurations and precise control options to meet diverse international power requirements.

Technical Specifications

Performance Metrics

50 Hz

Frequency

400 V

Voltage

0.8

Power Factor

50Hz Voltage Options

- 415/240V
- 380/220V
- 220/127V
- 200/115V

Alternative Voltage Configurations

- 440/254V
- 220/127V
- 208/120V

Operating Standards

Rating Standards

Parameter	Value
Reference Pressure	1,000 mbar
Reference Temperature	27
Relative Humidity	30%
Compliance	ISO 3046 & 8528

Speed Governor Options

Mechanical (M), Electronic (E/ECM)

Aspiration Technology

Naturally Aspirated (NA), Turbocharged (TC), Turbocharged & Aftercooled (TCA), Water-cooled Turbocharged (TCW)
