

Soundproof Diesel Generator Set

This diesel generator set provides backup or portable power. Its soundproof casing reduces noise, and it includes a control panel with various switches, meters, and outlets.

Product Overview

Professional Silent Diesel Generator

This soundproof diesel generator set is engineered for heavy-duty power demands in professional environments, including construction sites, outdoor events, and emergency backup scenarios. The unit features an integrated soundproof casing designed to significantly minimize operational noise without compromising output. Equipped with a comprehensive control panel and mobile wheel assembly, it offers both high performance and convenient portability for diverse power requirements.

Technical Specifications

Key Features

- Soundproof enclosure for noise reduction
- Integrated voltage meter
- Low oil level protection
- Temperature alarm system
- Circuit breaker protection
- Easy-start mechanism

Model Number	DG9000SSE-W
Output Ports	AC 36V, DC 12V 8.3A

Operational Metrics

Operational Monitoring

12 V

DC Output Voltage

8.3 A

DC Output Current
