Overview

Reliable Power Generation

This 40kW soundproof diesel generator set is engineered for consistent and dependable power output. Designed with a robust soundproof enclosure, it minimizes noise levels while providing essential weather protection for outdoor or industrial environments. It is an ideal solution for commercial, industrial, and residential backup power requirements, offering stable performance and efficient operation.

Electrical Characteristics

- Frequency: 50Hz
- Voltage: 230V-400V

Engine Details

Configuration

- Cylinders: 4/L
- Governor: M/E
- Bore x Stroke: 102 x 120mm

Engine Model	4BTA3.9-G2
--------------	------------

Maximum Engine Power	55 kW
----------------------	-------

Operational Specs

Fluid Capacities

- Lubricating Oil: 10.9L
- Coolant: 18.4L

Fuel Consumption Rate	13.1 L/H
-----------------------	----------
