

Spiral Cable Wrapping Bands

Spiral cable wrapping bands are designed for cable management and protection. These bands are made from flexible PE material and offer abrasion resistance.

Product Overview

Professional Spiral Cable Wrapping

These high-quality flexible spiral wrapping bands are designed for effective cable management and protection in electrical, electronic, and mechanical systems. The spiral design allows for easy application, ensuring wires are kept tight, organized, and insulated while providing excellent abrasion resistance. The product is available in both natural and black finishes to suit professional installation environments.

Technical Specifications

Material	PE
Installation	Fix one end with a safety belt, then circle the wires clockwise to secure.

Dimensions and Packing

Size Matrix

Item No.	Inner D (mm)	Outer D (mm)	Width (mm)	Wrapping Range (mm)
SWB-06	4	6	7	4-25
SWB-08	6	8	10.8	6-30
SWB-10	7.5	10	11.4	7.5-30
