

Split Door Built-In Refrigerator

This refrigerator features a split door design and brushed metal finish. It is designed as a built-in model for seamless integration into kitchen cabinetry.

Product Overview

Professional Built-In Refrigeration

This split door built-in refrigerator offers a seamless integration into high-end kitchen cabinetry. With its brushed metal finish and clean minimalist lines, it combines durability with a sophisticated aesthetic. The horizontal split design allows for efficient organization, making it an ideal choice for professional-grade modern kitchens.
