

Square Cast Iron Grill Pan with Detachable Handle

This square grill pan is designed for stovetop grilling and features a ridged cooking surface. Constructed from durable cast iron, it ensures even heat distribution and includes a detachable wooden handle for easy storage.

Product Overview

Professional Cast Iron Grilling

This square cast iron grill pan is engineered for high-performance stovetop grilling, featuring a ridged surface that produces professional sear marks while allowing excess fat to drain away. Built for exceptional heat retention and even distribution, this pan is an essential tool for achieving consistent cooking results. The design includes a convenient detachable handle for space-saving storage and ease of handling in professional kitchen environments.
