

Square Cooling Fan

This square cooling fan provides cooling for machinery components. It has an 80mm width and height, with mounting holes and wire connections.

Overview

High-Performance Square Cooling Fan

This square cooling fan is engineered for reliable thermal management in industrial and electronic applications. Its compact 80mm form factor ensures efficient airflow while maintaining a slim 25mm profile, making it suitable for tight spaces. Designed with precision, the unit features standard mounting dimensions and robust wiring, facilitating seamless integration into existing equipment assemblies.

Physical Dimensions

Overall Dimensions	80 mm
Thickness	25 mm
Distance Between Mounting Holes	71.5 mm
Mounting Hole Diameter	4.3 mm

Electrical & Connectivity

Connector Dimensions

6 mm

Connector Length

3.7 mm

Connector Width

Wire Length	300 mm
Wiring Configuration	2 wires
