

Square Exhaust Fan for Home Ventilation

This square exhaust fan is designed for household use. It efficiently removes stale air and moisture from bathrooms, kitchens, and other enclosed spaces.

Product Overview

Efficient Home Ventilation

This square-shaped exhaust fan is designed to effectively remove stale air and moisture from enclosed spaces such as bathrooms and kitchens. Featuring a clean white front grill with a subtle grid pattern, it integrates seamlessly into modern interior designs while providing essential air circulation. The unit includes a robust black housing with a dedicated duct connector, facilitating straightforward installation in either walls or ceilings to help maintain optimal air quality and prevent mold growth.

Technical Specifications
