

Square LED Work Light with Adjustable Bracket

This high-intensity LED work light has a robust, square-shaped housing with integrated heat sink fins. It is mounted on an adjustable stainless steel bracket, allowing versatile positioning.

Product Overview

High-Intensity Square LED Work Light

This durable square LED work light is engineered for demanding environments, delivering 720 lumens of illumination from four high-output LEDs. Designed with a robust housing and integrated heat sink fins, it ensures efficient thermal management for long-term reliability. The unit features a versatile adjustable stainless steel bracket, making it an ideal lighting solution for off-road vehicles, construction machinery, and industrial equipment.

Technical Specifications

Power Output

6 W

Total Power

1.5 W

Power per LED

Voltage Range	DC 10-30V
Brightness	720 lm
Beam Type	Flood Beam
Color Temperature Options	6,000 K, 4,300 K

Durability & Standards

IP Rating
IP69K

Warranty
2 Years

Identification

Model Identifier
EA9840S-4
