

Square Metal and Frosted Glass Outdoor Lantern

This outdoor lantern features a classic, square design with a black metal frame and frosted glass panels. The frosted glass provides a diffused light, creating a warm and inviting ambiance.

Product Overview

Classic Outdoor Lighting Solution

This square outdoor lantern combines a durable metal frame with elegant frosted glass panels to provide reliable and stylish illumination. Designed for versatility, it supports various bulb types and is built with a weather-resistant powder-coated finish suitable for porches, patios, and entryways. The frosted glass ensures a soft, diffused light output, creating a warm and inviting atmosphere for any exterior space.
