

Square Point Shovel with D-Grip Handle

This square point shovel is ideal for digging, moving materials, and edging. It features a green painted steel blade and a long green handle with a D-grip for comfortable use.

Product Overview

Professional Square Point Shovel

This durable square point shovel is designed for versatile use in gardening and landscaping environments. Featuring a robust green painted steel blade, it provides the strength needed for digging, moving loose materials, and edging. The ergonomic D-grip handle ensures comfort and better control during intensive daily tasks.
