

Square Point Shovel with Steel Blade

This square point shovel is designed for digging and moving materials. It is made with a durable steel blade and a strong handle, suitable for landscaping, construction, and gardening.

Product Overview

Professional Square Point Shovel

This heavy-duty square point shovel is engineered for versatile digging and material handling tasks in professional environments. Built with a robust steel blade and a durable handle, it ensures long-lasting performance for construction, landscaping, and gardening applications. The ergonomic grip is specifically designed to reduce hand fatigue, allowing for greater efficiency during extended periods of use.

Technical Specifications

Blade Material	Steel
Typical Applications	Construction, Landscaping, Gardening, Material Handling
