

Square Ventilation Exhaust Fan

This is a square-frame exhaust fan designed for ventilation. It is suitable for removing stale air and odors from enclosed spaces.

Product Overview

High-Performance Ventilation Solution

This square electrical exhaust fan is engineered for efficient air circulation in both residential and commercial environments. Constructed with a durable metal frame, it provides long-lasting stability and reliable performance for removing stale air and unwanted odors. The unit features a standard square design with integrated mounting holes, ensuring straightforward installation for various ventilation needs.

Technical Specifications

Design Type	Square Frame Exhaust Fan
Number of Blades	4
Construction Material	Metal
Installation Features	Square Frame, Pre-drilled Mounting Holes

Application

Suitable Environments

- Residential
- Commercial

Primary Function

Air Ventilation • Odor Removal
