

Square Ventilation Exhaust Fan with Grille

This exhaust fan is designed for ventilation purposes. It is typically used in bathrooms or kitchens to remove moisture and odors.

Product Overview

Square Ventilation Exhaust Fan

This square-shaped ventilation exhaust fan is designed for efficient air circulation in residential and commercial environments, such as bathrooms or kitchens. It features a distinct white grille with an alternating horizontal and vertical slat pattern, combining functional ventilation with a clean aesthetic. The unit is equipped with a rear-mounted cylindrical duct for seamless integration into existing exhaust systems, helping to effectively remove moisture, odors, and stale air.

Design & Build

Shape	Square
Grille Design	Four-section design, Alternating slats
Color	White

Technical Specifications
