

Square Ventilation Fan with Wire Guard

This square ventilation fan features a four-blade design enclosed within a circular wire guard, reinforced by crossbars. It is constructed with durable materials and suitable for ventilation and air circulation in various environments.

Product Overview

High-Performance Square Ventilation Fan

This square ventilation fan is engineered for efficient air circulation in demanding environments. Featuring a robust four-blade design protected by a reinforced circular wire guard, it prioritizes both airflow performance and operational safety. The unit is built with durable materials and includes a square frame with pre-drilled corner holes for quick and secure installation.

Design & Construction

Blade Count	4
Frame Shape	Square
Safety Features	Wire Guard, Crossbar Reinforcement

Installation

Mounting	Corner hole installation
