Product Overview

Vintage Aesthetic Meets Modern Efficiency

The ST64 LED Filament Bulb combines the classic teardrop design of traditional Edison bulbs with advanced, energy-efficient LED technology. Designed for both decorative and functional lighting, these bulbs provide a warm, inviting atmosphere perfect for pendant lights and exposed bulb fixtures. With a durable build and long-lasting performance, they offer a sophisticated lighting solution that significantly reduces energy consumption compared to incandescent alternatives.

Technical Specifications

Model Performance Comparison

Model	Wattage	Lumen Output
ST64-4W	4	470
ST64-6W	6	700
ST64-8W	8	980

Operating Voltage	220-240V
CCT Range	2700-6500K
CRI (RA)	80
Power Factor	>0.5

Physical Dimensions

Dimensions (D x H)	64 x 142 mm
