

Stainless Steel Cable Ties

These stainless steel cable ties are designed for demanding environments. They feature a self-locking mechanism for easy installation and a secure, durable hold.

Product Overview

Industrial-Grade Securing Solutions

These stainless steel cable ties are engineered for heavy-duty applications requiring maximum durability and corrosion resistance. Featuring a reliable self-locking mechanism, they allow for rapid installation while providing an exceptionally secure hold in both indoor and outdoor environments. Designed to withstand demanding conditions, these ties offer superior tensile strength for professional cable and wire management.

Technical Specifications

Tensile Strength

890 N

Tensile Strength

Dimensions

4.6mm x 200mm

Model Number

LH-SS-S-200-8

Features & Compliance

Key Features

Self-Locking Mechanism, Corrosion Resistant, High Tensile Strength, Indoor/Outdoor Use
