

Stainless Steel Deep Fry Basket with Stand

This round deep fry basket is constructed from stainless steel and features a fine mesh basket. It includes a sturdy handle with a hanging hook and a support stand for stability.

Product Overview

Professional Stainless Steel Deep Fry Basket

This durable stainless steel deep fry basket is designed for efficient food preparation in commercial and home kitchens. Featuring a fine mesh construction, it ensures optimal drainage and consistent frying results for items like french fries, onion rings, and chicken. The integrated sturdy handle includes a convenient hanging hook, while the included support stand provides necessary stability when resting on surfaces.
