

Stainless Steel Filter Housing

These SUS304 filter housings are designed for diverse filtration tasks. They come in 10-inch and 20-inch lengths and feature SUS+PP, SUS+Brass, and BB SUS configurations.

Product Overview

High-Durability Stainless Steel Filtration

This stainless steel filter housing is engineered for robust industrial and commercial filtration applications. Constructed from high-quality SUS304 stainless steel, it offers exceptional corrosion resistance and longevity, ensuring a service life of five years or more. Designed for versatility, the housing supports a wide range of filter cartridge sizes to meet diverse water treatment requirements.

Technical Specifications

Operating Pressure

0.1 MPa
Min Pressure

0.3 MPa
Max Pressure

Housing Material	SUS304 Stainless Steel
Cap Material	Polypropylene (PP)
Expected Service Life	e 5years

Configuration

Compatible Cartridge Sizes

- 10"
- 10" BB
- 20" BB

Available Port Sizes	1/2", 3/4", 1"
