

Stainless Steel Kitchen Sink with Drainboard

This stainless steel kitchen sink features a square basin and an integrated drainboard. The sink is designed with a smooth, polished surface and a modern aesthetic.

Product Overview

Professional Grade Stainless Steel Sink

This stainless steel kitchen sink features a modern, functional design with an integrated drainboard, making it an excellent choice for commercial kitchens, utility rooms, or workshops. Constructed for durability and ease of maintenance, the polished surface ensures a clean, professional appearance. Its versatile dimensions provide ample basin space while fitting seamlessly into standard counter configurations.
