Product Overview

Industrial-Grade Bundling Solution

These stainless steel self-locking cable ties provide a robust and durable method for securing cables and pipes in the most demanding environments. Engineered for versatility, they perform exceptionally well in heavy industrial, underground, and indoor applications. The integrated ball-lock mechanism ensures a reliable, permanent hold that resists corrosion and extreme temperatures.

Technical Specifications

Operating Temperature

-30 °C
Minimum

160 °C
Maximum

Material Grade

304 Stainless Steel, 316 Stainless Steel

Key Properties

Heat-resisting, Erosion control, Flame retardant, Corrosion resistant

Compliance & Certifications

Standards & Certifications

UL • ISO 9001:2000 • SGS • CE • TÜV • RoHS • PAHs • Reach

Ordering Information

Lead Time Table

Order Type	Timeframe
Sample Proofing	5-7 days
First Order	25-30 days
Peak Season	30-45 days

Payment Terms

- 30% deposit
- 70% balance before B/L
- T/T
- L/C

Minimum Order Quantity

USD 3000 (negotiable for trial orders)
