

# Stainless Steel Spice Dredge Shaker

This stainless steel dredge shaker is ideal for dispensing spices, flour, and powdered sugar. Its durable construction ensures long-lasting use and the perforated lid allows for even distribution.

## Product Overview

### Professional Grade Dredge Shaker

This stainless steel dredge shaker is designed for efficient and controlled dispensing of spices, flour, and powdered sugar. Crafted with durable materials, it is engineered for the rigors of commercial kitchens while maintaining ease of use for any culinary environment. The perforated lid ensures even distribution, helping to reduce waste and keep workstations tidy.
