

Stainless Steel Step Trash Can

This trash can is constructed from stainless steel for durability. It features a foot pedal for hands-free operation and a removable inner bucket for easy cleaning.

Product Overview

High-end stainless steel design featuring classification capabilities and silent hydraulic closing.

Premium Stainless Steel Classified Waste Solution

This high-end stainless steel trash can is designed for professional waste classification in modern environments. Featuring advanced hydraulic technology for silent closing and a durable 410 stainless steel construction, it ensures both longevity and hygiene. With multiple capacity configurations and integrated odor-control features, it is an ideal solution for kitchens, offices, and hotel facilities.

Technical Specifications

Material	Thickened 410 Stainless Steel
Pedal Lifespan	100000 uses
Coating/Finish	Waterproof, Corrosion Resistant, Rust Resistant

Features

Core Functions

- Silent hydraulic descent
- Normally-open locking mechanism
- Odor and insect control box
- Sealed deodorization
- Integrated garbage bag collection ring
- Portable handle

Options

Capacity Configurations

12L+12L+12L • 24L+12L • 16L+16L+16L • 32L+16L

Available Finishes	Matt Steel, Titanium Gray
