

Stainless Steel Surface Cleaner

This stainless steel cleaner effectively removes dirt, grime, and fingerprints. It leaves a protective layer to prevent future stains and corrosion, providing a streak-free finish for appliances and fixtures.

Product Overview

High-Gloss Metal Maintenance

This high-performance stainless steel cleaner effectively removes iron and steel surface stains while enhancing metallic luster. The formula leaves surfaces dry, grease-free, and resistant to water lines or fingerprints for a professional, streak-free finish. Its pleasant fragrance and rich foam make it an ideal choice for both industrial and commercial metal maintenance.
