

Standard Commuter Motorcycle

This motorcycle is a standard commuter model suitable for both urban and rural roads. It features a rear luggage rack and a small windscreen.

Overview

Reliable Commuter Performance

This standard commuter motorcycle is designed for versatility, performing equally well on urban streets and rural roads. Featuring a robust build with practical additions like a rear luggage rack and a protective windscreen, it offers a balanced riding experience. The classic aesthetic, highlighted by a distinctive red stripe on the fuel tank, combines style with everyday utility.
