

Standard Transparent CD Case

This transparent CD case is designed for storing and protecting compact discs. It features a circular recess to securely hold the CD in place.

Product Overview

Standard Transparent CD Case

This standard transparent CD case is designed to provide secure, clear storage for a single compact disc. Its durable construction features a circular recess and corner supports to ensure the disc remains stable and protected. The transparent design allows for immediate identification of the disc label and artwork, making it an ideal solution for professional archiving or retail distribution.
