

Standing Pedestal Fan with Adjustable Height

This standing fan provides cooling and ventilation in indoor spaces. It features a round fan head with a protective grille, mounted on a height-adjustable stand with a circular base and multiple speed settings.

Product Overview

Professional Cooling Solutions

This standing pedestal fan is engineered to deliver efficient cooling and ventilation for various indoor environments. Featuring a robust, height-adjustable stand and a stable circular base, it offers flexible positioning to suit different spatial requirements. The integrated speed control system allows for precise airflow management, making it a reliable choice for maintaining comfortable conditions in commercial or office settings.
