

Standing Pedestal Fan with Adjustable Height

This standing pedestal fan features adjustable height for customized airflow. Designed with a three-blade propeller enclosed in a wire cage, it provides ventilation and air circulation.

Product Overview

High-Performance Air Circulation

This standing pedestal fan is engineered to provide efficient air circulation and ventilation for household environments. Featuring a robust three-blade propeller design enclosed within a protective circular wire cage, it balances safety with performance. The unit is fully adjustable to suit various room layouts and user preferences, making it a versatile cooling solution.

Design & Construction

Base Style	Tripod Base
Blade Count	3
Safety Features	Wire Cage, Protective Grille

Functionality

Adjustability	Height Adjustable
Control Method	Integrated Control Panel

Usage

Application	Household Ventilation
