

Star-Shaped Non-Stick Cake Pan

This non-stick star-shaped cake pan is perfect for baking festive cakes and desserts. It is constructed from durable carbon steel, providing even heat distribution for consistent baking results.

Product Overview

Professional Star-Shaped Baking Solution

This star-shaped cake pan is designed for creating festive, visually appealing cakes and desserts for special occasions. Crafted from durable carbon steel, it ensures even heat distribution for consistent baking results every time. The integrated non-stick coating simplifies both the food release process and cleanup, making it a reliable tool for high-volume or home kitchens.
