Product Overview

Comprehensive Starter Motor Component Assortment

This professional-grade assortment provides a wide range of essential components required for the repair and maintenance of starter motors and alternators. Designed for durability, the kit includes critical parts such as armatures, solenoids, bendix drives, and brush holders to ensure reliable engine starting performance. This selection is engineered to support a diverse array of heavy-duty vehicles, mining equipment, and construction machinery.

Compatibility & Applications

Compatible System Brands

- IVECO
- SCANIA
- ISUZU
- NISSAN
- ISKRA
- LUCAS
- PRESTOLITE
- TATA
- KUBOTA
- KOMATSU
- HITACHI
- YUCHAI
- LADA
- MITSUBISHI
- TOYOTA
- BOSCH
- DELCO
- DENSO
- HINO
- VOLVO
- AUDI
- BMW
- DAF
- MAN
- PERKINS
- CUMMINS
- DEUTZ
- XICHA
- JOHNDEERE
- JAC

Supported Vehicle Types

Trucks, Buses, Pickups, Mining Machinery, Construction Machinery, Generators

Technical Components

Included Components

- Armature
- Field Coil
- Solenoid
- Bendix Drive
- Brush Holder
- Housing
- Rotor
- Stator
