Product Overview

Professional Garment Care Solution

This versatile steam spray iron is engineered for efficient wrinkle removal and fabric care. Featuring a non-stick Teflon soleplate and adjustable temperature controls, it provides smooth gliding across various garment types. The integrated steam and spray functions allow for deep penetration into fabrics, while the ergonomic 360-degree cord guard ensures ease of movement during operation.

Technical Specifications

Power Consumption	1200 W
Voltage/Frequency	220-240V / 50Hz
Water Tank Capacity	120 ml

Design and Build

Soleplate Material	Non-stick Teflon
Cord Guard	360 Degree

Features

Control Features

- Temperature Control Dial
- Steam Output Controller
- Indicator Light
- Water Inlet Cover

Operation Modes	Dry Ironing, Steam Ironing, Spray Function
